

OSA SEA TURTLE SERVICE PROJECT

ATENAS & THE CENTRAL VALLEY (1 night)

Arrive in the central valley of Costa Rica, home to 80% of the country's population and surrounded by mountains. This area boasts fantastic vistas and a perfect climate. You will spend your first night in a comfortable country setting and have a chance to get acquainted with your guides.

ATRAPADOR de SUENO TURTLE PROJECT on the OSA PENINSULA (4 nights)

Next, head to the turtle project on the Osa Peninsula, a remote and pristine wonderland. Here you will work with biologists and staff on two major projects: turtle monitoring and mangrove clean up. Have the amazing experience of monitoring green and hawksbill turtles from boats and then assisting in the measuring and tagging of the turtles before releasing them back to the ocean. You will also participate in coastline and mangrove clean up and reforestation and habitat rehabilitation

THE PACIFIC COAST (1 night)

Head back north up the Pacific Coast. Spend a relaxing afternoon around the pool and before leaving fly through the forest canopy on a tranopy and see (from a distance!) some of the largest crocodiles in Costa Rica.

ATENAS & THE CENTRAL VALLEY (1 night)

End the trip right back where you started--in the Central Valley. This is the night to celebrate your accomplishments and reflect on your experiences.

COSTA RICA TRIP INFORMATION

The price includes:
